Dear Ms. Patel:

I am writing to you to express my interest in becoming the Visual Designer for the Austin Division of Hangar Health. After 15+ years in Graphic Design, I have decided to switch to Visual Design. I found this opportunity listed on Google Jobs, and I believe that I could be a perfect fit for each Hangar Health.

Having worked both in a printing press (3 years) and as a freelancer for various entrepreneurs (12 + years), I understand the importance of effective communication, trust and hustle. I learn quickly, and I learn from everyone. You want a team player, and I want to work with a team. I prefer it!

As for my technical qualifications, I am skilled in:

- Adobe AI (Expert)
- Adobe ID (Expert)
- Adobe Photoshop (Moderate Expert)
- Figma (Moderate)
- Google Slides (Moderate)
- HTML5 & CSS3 (Moderate Expert)

I have attached my resume to the same email as this letter; there are quick links to my contacts below. I look forward to hearing from you.

Sincerely,
